

Honey Mint Julep

Ingredients:

2 oz Jack Daniel's Tennessee Honey

Fresh mint leaves (about 8-10)

Crushed ice

Mint sprig, for garnish

Glassware:

Julep cup

Instructions

1. **Muddle Mint:** In a julep cup or rocks glass, gently muddle the mint leaves to release the oils. You don't need to muddle too hard since the leaves will be infused into the drink.

2. **Add Whiskey:** Pour the Jack Daniel's Tennessee Honey over the muddled mint.

3. **Add Ice:** Fill the cup with crushed ice, almost to the top.

4. **Stir:** Stir the mixture until the cup becomes frosty.

5. **Top with More Ice:** Heap more crushed ice on top to create a dome shape.

6. **Garnish:** Garnish with a sprig of fresh mint.

7. **Serve:** Insert a straw and enjoy your Honey Mint Julep!
